

Product Advisory Statement

Date: 18-Jun-13

Document Number:

Subject: i-scope® USB 2.0 is Now Compatible with Windows® 8 Desktop Mode

Dear valued customers:

Thank you for using SCHOTT MORITEX products.

We are proud to announce that i-scope® USB 2.0 is now compatible with Windows® 8.
Please find the details below.

Should you have any inquiries, please contact your sales representative.

We look forward to further serving you.

Sincerely,
Akihiko Kobayashi
General Manager
Regional Sales Japan/Korea
SCHOTT MORITEX Corporation

Details:

1 Product: i-scope® USB 2.0

2 Changes: The software included in i-scope® USB 2.0, "i-scope® viewer" and driver are now compatible with Windows® 8 Desktop mode.

There are no changes to "i-scope® USB 2.0" itself.

This enables users to run i-scope® USB 2.0 with Windows® 8 Desktop mode in addition to Windows® XP, Windows® VISTA and Windows® 7.

3 Available date: From products shipped on June 18, 2013

* For customers who currently use our i-scope® USB 2.0 Windows® 7 model:
Please contact your local sales representative at SCHOTT.

The software and driver are also available on our website:

www.schott-moritex.com > Cosmetic Instruments > Skin Scopes > i-scope USB 2.0 > Software Download > USB Camera Driver CD ROM
